

Most Valuable Professional award for Dr. Paranjape

Microsoft awards Maestros Mediline Chairman and Managing Director a MVP for Office System

Mumbai, April 5, 2005 - Microsoft India announced that Dr. Nitin Paranjape, Chairman and Managing Director of Maestros Mediline Systems Limited, has been named Microsoft Most Valuable Professional (MVP) for Office System. Dr. Paranjape is a charter member of the Microsoft Office System program. He has to his credit several certifications and awards and includes Best Trainer Award by Microsoft in 1999 and Enterprise Solutions Award by Microsoft in 2003.

Each year, Microsoft gives a MVP Award to outstanding members of a Microsoft online Developer Forum. The MVP Award is given in recognition of a recipient's technical expertise, spirit of community, and their willingness to help their peers by providing reliable and accurate answers to technical questions about Microsoft products & technologies.

Some interesting facts about Dr. Paranjape's MVP are

- He is the only Indian to receive the MVP for Microsoft Office Systems this year.
- MVP puts Dr. Paranjape among the only 15 professionals worldwide who have this award.
- He is only one amongst 15 professionals who heads an IT services company. Other professionals are freelancers, consultants and employees of some IT companies.
- He also has Best Trainer Award by Microsoft in 1999 and Enterprise Solutions Award by Microsoft in 2003.
- He has authored more than 720 weekly columns in Express Computer, India called "Tech Forum".
- *'Role based customization of Office'* is an innovative methodology developed by him.

Dr Paranjape has been globally famous for his sessions on highlighting the real value of Office Productivity. He has conducted a large number of sessions across Asia Pacific for CEOs, Top Management, Partners, Information Workers and Developers to highlight the benefits of Office. 'Role based customization of Office' is an innovative methodology developed by him and his team to unearth maximum value from Office and related products.

He has conducted more than 500 knowledge transfer sessions covering 6000+ professionals on various technical and medical topics.
